Young and

restless friends

You'll never pass

this way again

So drink the summer wine

Reach for the stars while you have time

Your restless dreams well lead the way

So dream your dreams

And live for

each day

While you are young

## Happenings Throughout the Year ...

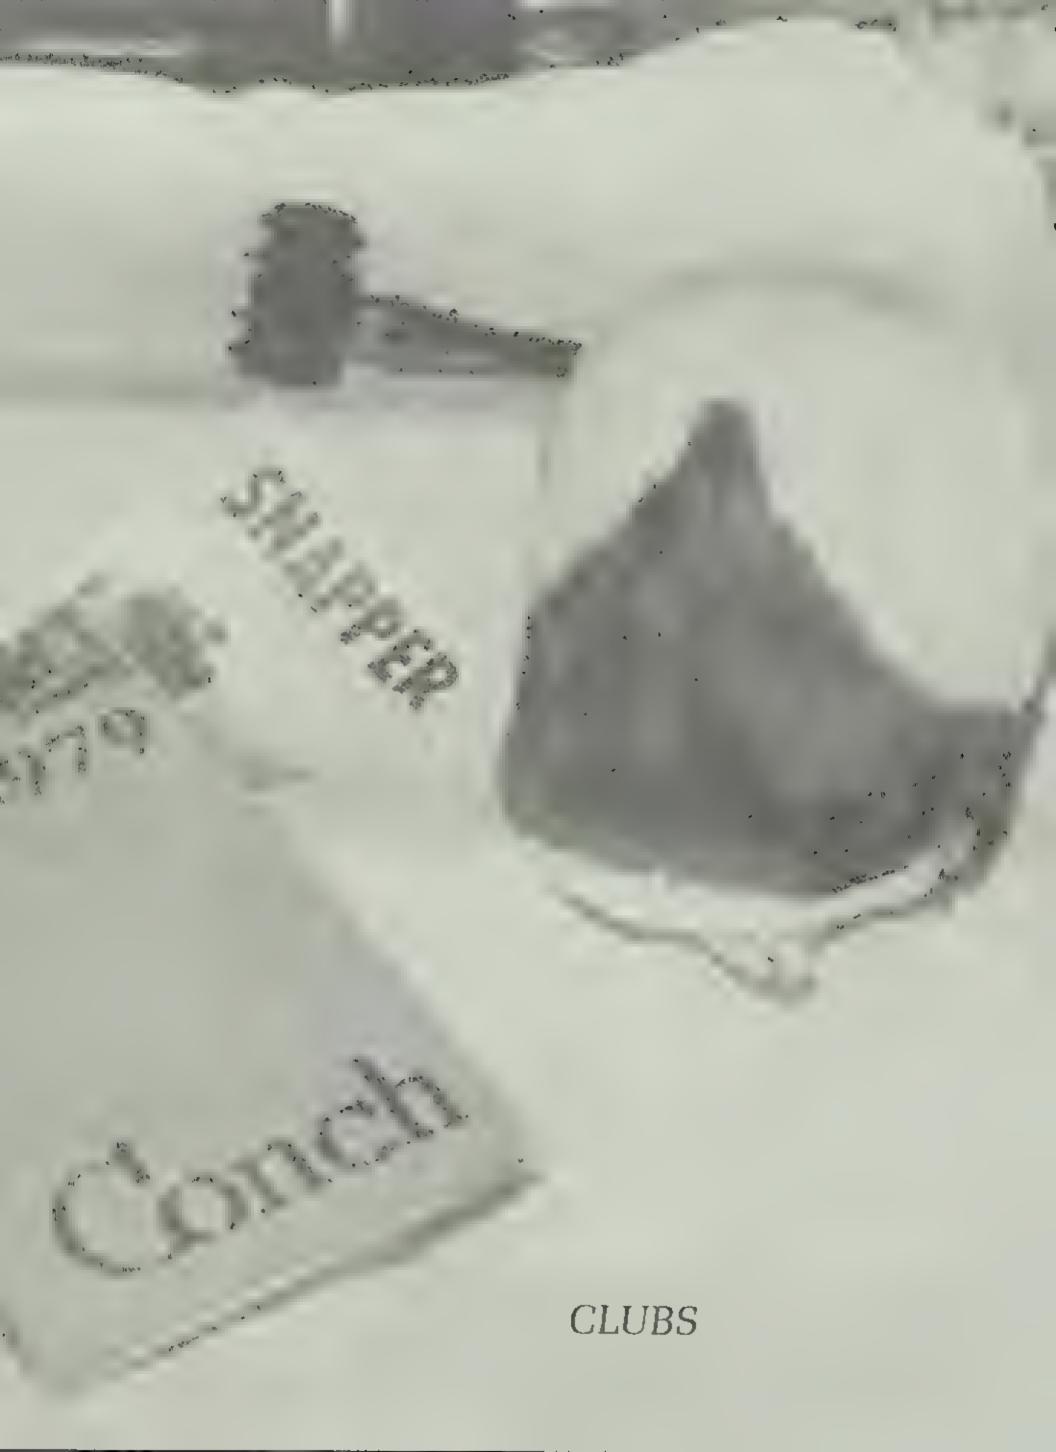

#### National Honor Society

National Honor Society is an honor club for academically inclined students. Members must possess at least a 3-2 grade point average and have no grade below a "B" in any subject

Throughout the year we have many fund raising events, the biggest being our candy sale and homecoming concession. We also enter our scrapbook in a competition. We're usually placed either first or second in the contest.

Over the years NHS has kept its standards high and built a good reputation. The 1979-1980 club hopes to maintain this reputation

The sims of the key West High School Student Council are to encour a good citizenship, to promote harmonious relationships, to coordinate school activities, to instill proper at titudes, and to provide a forom for student expression. The student who takes an active part in the student council gets the feeling of belonging, that the school is his school and that the people there are interested in him and what he has to say. His views are welcomed and some of his ideas may even become some part of school policy. He learns how to work with others in friendly cooperation; he lear is how to iccept responsibility and to bring a project to successful completion.

This year's junior varsity shows a lot of promise for an outstanding season. Several players from the 1978-79 team have returned to provide leadership to a team, half of whose players have little or no basketball experience

This year will be my second as J.V. Coach and I look forward to working with middle and under-classmen whose present abilities indicate a growing potential to contribute (in the future) to another solid varsity program

Coach, Bill Butler

#### Tennis

It is believed by many that one of the most desirable consequences of athletic participation is a more in-depth understanding of the alliance between competion and cooperation and the utilization of both within the conventional framework of society. The members of the 79-80 KWHS tennis teams are both competitive and cooperative. Though not always victorious on the courts, these participants are WINNERS in the biggest game of all, life
